900 LUTHERAN DELEGATES TO GATHER HERE

Central Pennsylvania Lutherans take their part locally in the formation of the new Lutheran Church in America when they hold their organizing convention at Gettysburg College next Wednesday and Thursday.

Six hundred thirty congregations will be represented at the convention and will be joined together in the new Central Pennsylvania Synod. Of these 609 are from the former synod of the same name, five from the present Pittsburgh Synod, three from the Ministerium of Pennsylvania, one from the Maryland Synod and twelve from the Augustana Evangelical Lutheran Church.

It is expected that more than 900 ministers and lay delegates will attend the two-day meeting and take part in the adoption of a constitution for the new synod, the adoption of a budget, and the election of officers and board members. The positions of president and secretary will be filled by election. Other staff positions and all committee memberships will be filled by action of the Executive Board of the synod. A budget of \$3,660,983 will be proposed for 1963. Of this amount \$2,111,271 will be earmarked for the work of the Lutheran Church in America.

LAYMEN'S BREAKFAST

A special order in the convention agenda will provide for a discussion of the new Ministerial Health Benefit Plan, which will provide hospitalization and medical insurance for all ministers in the new church. A representative of the church's Board of Pensions will lead the discussion.

The Lutheran Laymen's movement is sponsoring the laymen's breakfast in the college dining hall at 7 a.m. October 4.

The convention agenda calls for the opening of the gathering at 10 a.m., October 3. Adjournment is scheduled for 4:30 p.m., October 4.

The new synod comes into being as a result of the merger of four Lutheran Church bodies in June 1962. In the convention in Detroit June 28 the United Lutheran Church in America, the Augustana Evangelical Lutheran Church, the Finnish Evangelical Lutheran Church of America, and the American Evangelical Lutheran Church merged to form the Lutheran Church in America with over 6,000 congregations, subdivided into 31 synods.

RURITAN CLUB HEARS TALK ON SAFE DRIVING

Courtesy and respect for the rights of fellow travelers are the most important ingredients of highway safety, Samuel J. MacFarland, safety engineer for the Bankers' Insurance Group, told members of the Hunterstown Ruritan Club at their September dinner meeting Friday evening in the Great Conewago Presbyterian Chapel. Women of the church served the meal.

Mr. MacFarland, who was introduced by Donald Rhodes of the program committee of the club, spoke on highway safety and then showed a color film of fatal auto accidents investigated and photographed by Ohio State Police. The speaker said driver education should not end in the school but should also be stressed in the home. He said it is well for a student to acquire his auto by his own labors for "it will make him appreciate the value of his auto and tend to make him a more responsible driver."

James Black of the Finance Committee reported a profit of \$139 from the recent donkey baseball game. Treasurer Alfred Young reported a balance of \$140. Francis Sterner, chairman of the Program Committee, said a public supper will be served by the club in the near future.

COMMITTEES NAMED

President Melvin Tressler announced that 10 members of the club plan to attend the Maryland-Pennsylvania zone meeting to be held this evening at the Lamp Post Tea Room.

The president also announced the appointment of a Nominating Committee including John Lott, chairman, Herbert Blye and Lester Wiseman. He also appointed a Sign Committee comprising Herbert Zepp, chairman, Edward Taughnbaugh and Earl Smith. After displaying and erecting a new sign to be placed at the entrance to Ruritan Park, the Strabana Garden Club will landscape the entrance and that immediate area.

The Ruritans were host Friday evening to visiting members of the New Franklin Club. Wilbur Crushong also was a guest. The Rev. Amos D. Meyers gave the invocation and led group singing. Helen Millhimes was the accompanist.

ISSUES PLEA FOR SOCIETY

Atty. Eugene R. Hartman, campaign chairman for the Adams County Historical Society which is attempting to raise \$10,000 for the restoration and renovation of Old Dorn on the Seminary campus, as the permanent home of the Adams County Historical Society, reported today that over \$1,200 had been received thus far.

Hartman said, "This is encouraging but it had been hoped that the entire campaign would be completed by this time so that some of the contracts could be let this fall when the weather would permit construction work to be done." He urged countians who have received letters to take part in this project to mail their donation to Frank M. Newcomer, treasurer, 137 West Middle St., so that the historical society may close its campaign in the near future without interfering with other fund-raising projects that are about to begin in Gettysburg and surrounding area.

"The committee has received six \$100 gifts, but any sum, including pledges, that suits the honor's particular circumstances will be more than appreciated, and with the end of the month upon us it is hoped those donations can be received within the next week," he said.

Fr. Louis J. Yeager this afternoon at 2 o'clock.

The church altar was decorated with white gladioli and pompons. Miss Mary Ellen Martz presided at the organ.

The bride, given in marriage by her father, wore a floor-length gown of white satin featuring long pointed sleeves, a pearl-trimmed neckline accented with bows of pearls and a full skirt with soft side and back pleats falling into a chapel train. A crown of tiny seed pearls and crystal beads held her fingertip veil of pure silk imported English illusion. She wore a single strand of pearls, a gift of the groom, and carried a cascade bouquet of white feathered white carnations and ivy.

EMPLOYMENT PICTURE HERE IS BRIGHTER; WILL IMPROVE

The employment picture in Adams County brightened in July and August and is expected to improve a great deal more by mid-October, according to the first of a series of "Labor Market Letters" issued this week by Ronald K. Baltzley, manager of the Gettysburg office of the State Employment Service.

The letter covers the Gettysburg labor market area which includes all of Adams County and has the following to say about employment here for the last two months:

"Total employment in the Gettysburg area was estimated at 19,600 in mid-August. This was 600 higher than in June, and 200 above July 1961. Comparable data for a year ago are not available. These estimates include only persons employed in Adams County. In addition, several hundred Adams County residents commute to jobs in adjacent areas of Franklin, Cumberland and York Counties, as well as in Harrisburg, the state capital.

6.2 PCT. IDLE

"Most of the recent 600 increase was attributed to seasonal advances in agriculture and food processing. Two other industries, furniture and apparel, also showed slight gains, but these were offset by reductions in service and government owing to summer furloughs of nonsalaried workers from Gettysburg College and the public schools.

"The fact that current employment is 200 higher than in July, 1962, is more significant than the small net gain would seem to indicate. Nonseasonal gains actually totalled 600, with seasonal industries, agriculture and food processing each being 200 lower.

"Total employment of 1,300 in mid-August represented 6.2 per cent of the available civilian work force. For the past 13 months this area has been classified as one of substantial unemployment. The current unemployment level is 300 lower than in June and 200 below that of July, 1961. Analysis of local employment office work registration and unemployment compensation rolls indicates that approximately three-fourths of the unemployed are women.

"Total employment is expected to rise by some 2,400 workers by mid-October. About 2,100 of these will be seasonal workers required to harvest and process the apple crop. The remaining 300 additional workers will be 100 in manufacturing and 200 in nonmanufacturing divided between service and government, as public schools reopen and the local college resumes its fall educational program.

"Though most of the workers needed for this expansion will be persons not now in the labor market, part of the supply will come from those currently unemployed, which will have the (Continued On Page 3)

Mississippi Governor Is Convicted Of Contempt; Faces \$10,000 Daily Fine

OXFORD, Miss. (AP) — The University of Mississippi, made a battleground by the racial tug-of-war between state and federal governments, turned to a lazy football weekend today without its barricades and its helmeted citizen guards.

Impending trouble—perhaps violence—over enrollment of James H. Meredith, a Negro, in the all-white university, loomed at Memphis and New Orleans.

Today's scheduled action comes in New Orleans, where Lt. Gov. Paul B. Johnson of Mississippi has been ordered by the 5th U.S. Circuit Court of Appeals to appear and show why he should not be held in contempt for blocking Meredith's third try at registration.

CONVICT GOVERNOR

The lieutenant governor has not said if he will honor the summons. Mississippi Gov. Ross Barnett ignored a similar summons Friday. The eight-judge court found

him guilty of civil contempt and demanded he purge himself by 11 a.m. Tuesday.

If he doesn't, the governor—battering ram of the state's head-on thrust against integration—faces a \$10,000 daily fine and arrest. He would be held in custody of the U.S. attorney general.

Still another shadow of trouble for the defiant Mississippians arose at Memphis, Tenn., 87 highway miles to the northwest. There the federal government massed U.S. marshals and other federal peace officers. Giving them a housekeeping hand was a detachment of 110 Army engineers.

ALERTS 402 MARSHALS

They bivouacked at Millington Naval Air Station, where a source said the marshals numbered 402 at sundown Friday and that the number of troops actually had reached 540 instead of 110.

This source also said determined marshals figured to use naked bayonets if necessary to (Continued On Page 3)

PROGRAM OF DIEFENBAKER IS ATTACKED

OTTAWA (AP)—A new threat to Prime Minister John G. Diefenbaker's minority government developed today after three opposition leaders trained a stream of criticism on his proposed new legislative program.

The conservative government outlined its plans to inject new life into the economy at the opening session of Canada's 25th Parliament Thursday.

Sharply unfavorable reaction came swiftly from the chiefs of the opposition parties.

SEES "REAL TROUBLE"

"A rehash. Most disappointing and inadequate," said Lester B. Pearson, Liberal party leader. "Confusing verbiage that veils the shortcomings and omissions," said Robert Thompson, Social Credit chief.

"If this stands as a definite commitment by this government, we are headed for real trouble," said T. C. Douglas, national leader of the New Democrats.

Diefenbaker's program, set forth in the traditional speech from the throne, emphasized measures aimed at dispelling what Canadian political leaders have called the nation's financial and economic crisis.

LISTS OBJECTIVES

Among the stipulated objectives were:

A balanced federal budget. Canada has had five consecutive years of deficit spending. The message said a program of economies in government expenditures will be presented to Parliament. "Positive constructive measures to strengthen Canada's balance of international payments." For nine years, there has been an imbalance. Last summer, the government borrowed \$650 million to bolster foreign exchange reserves.

"A climate in Canada hospitable to foreign investment." The speech pointed out that Canadian development needs imports of capital. The American investment alone is officially estimated at \$18 billion.

MINORITY PARTY

A national economic development board to review the economy, and to "recommend particular projects or measures which it considers would be in the interest of national development."

The combined votes of the three opposition parties are enough to destroy Diefenbaker's regime on a motion of confidence. They hold a total of 148 seats in Parliament, as against 116 for Diefenbaker's Conservatives. A majority of 133 would unseat the government, necessitating a new general election.

Pearson has said he would move a vote of no confidence in his opening speech in Parliament Monday.

church, with the Rev. Dr. George F. Harkins, assistant to the Lutheran Church in America president, the Rev. Dr. Franklin Clark Fry, acting as convener and representative of the church.

The new synod will be divided into 20 districts instead of the present eight conferences. The convention agenda provides a period for the districts to meet simultaneously and organize by each choosing a dean, a secretary, and a nominating committee. The structure of the new districts is such that the congregations will be much more directly involved in planning and programming in the church-at-large.

PASTORS AND LAYMEN

The planning for the organizing convention was directed by a Joint Committee on Merger of which the Rev. Dr. Warren C. Heiny, Lancaster, is chairman. The presiding officer for the convention will be Paul H. Rhoads, Harrisburg attorney. Convention secretary will be the Rev. Dr. Arthur Yeagy, Harrisburg, a member of the present synod staff. The Rev. John W. Vannorsdall, Gettysburg College chaplain, will be chaplain of the convention. Frederick A. Snell, Williamsport, will be convention organizer.

Elective officers of the present Central Pennsylvania Synod are the Rev. Dr. Dwight F. Putnam, Harrisburg, president, and the Rev. Dr. Ralph C. Robinson, Harrisburg, secretary.

All parish pastors of the organizing congregations and all other ministers who are or will be assigned to the new synod are expected to attend and each congregation is required to send a lay delegate.

CD COURSE TO BE RESUMED

The office of Civil Defense, Department of Defense, has announced resumption of the standard, two-week fallout shelter analysis course. Seven classes are scheduled, one each month October through May with the exception of December. The classes will be held at the U.S. Army Engineer School, Fort Belvoir, Va.

The course is open to all registered architects and engineers. There is no charge for the course. However, the individual or sponsoring organization is responsible for expenses connected with travel, board and lodging while in attendance at the school.

Adams County's Civil Defense director, William G. Weaver, has full information as to method of application and the starting dates of each month's course. Weaver said that one legal engineering firm has already qualified for fallout shelter analysis and he hopes that other architects will be interested.

Will Participate In School Tests

Frank E. Basehoar, principal of the Littlestown Junior-Senior High School, announced today that the Ninth and Tenth Graders will participate in the 1963 National Educational Development Tests Program in March. The NEDT battery, he pointed out, measures each student's ability to apply basic learning skills rather than ability to memorize particular facts or specific subject matter. Consequently, the principal noted, the tests help educators identify educational strengths and weaknesses, and help students and parents make a realistic appraisal of educational and vocational objectives.

YOUTH STRIKES NEGRO; FINED \$25, JAILED

BIRMINGHAM, Ala. (AP)—"He got a good right cross to Dr. King's left cheek, then he hit him on the back of the neck."

"He threw two blows, then dropped his arms. He muttered something about 'I'm sorry.'"

"That was Wyatt Tee Walker's description after a white member of the American Nazi Party vaulted onto a stage and attacked Dr. Martin Luther King Jr., as the Negro integration leader spoke Friday."

The white man, Roy James, 24, of Arlington, Va., was quickly taken into Recorder's (city) Court. Judge Charles H. Brown fined him \$25 and sentenced him to 30 days in jail for assault and battery—disorderly conduct.

The incident was the only act of violence here tracing to a four-day meeting of the Southern Christian Leadership Conference, an integration group of which King is president.

BECAUSE ANGRY

King was giving a financial report near the end of the convention, and said Negro entertainer Sammy Davis Jr. would give a benefit performance for the SCLC in New York.

At that point James leaped from a sixth row seat, vaulted onto the stage, and hit King.

Walker, executive secretary of the SCLC, said James later told him that mention of Davis made him angry because the entertainer is married to white actress Mae Britt.

The blows staggered King. But he did not fall, and later refused to press charges.

CALLED TO TESTIFY

However, an arresting police officer booked James, and King was brought into court to testify.

James, 6-feet-2 inches tall and weighing 200 pounds, towered over the 5-feet-10 inch King as they stood before Judge Brown. King weighs about 170 pounds.

Mayor Arthur J. Hanes walked into the courtroom while the trial was in progress. As James sat handcuffed and waiting to be taken away, Hanes pointed a finger at him and said:

"We don't want you to come back to this city. We're not going to put up with rabble rousers."

James told newsmen he was a lieutenant in the American Nazi Party and joined it two years ago because "I had been looking for an organization which was against racial integration and communism."

SHOT IN CHEST

PITTSBURGH (AP)—David Caruso, 12, of Pittsburgh's Lincoln Place section, was reported in fair condition at Homestead Hospital today with a bullet wound of the left chest.

Police said he was wounded, apparently by accident, on Friday when a .22 caliber pistol discharged in the hands of a friend, Michael Mroz, 12, also of Lincoln Place.

Police said the shooting occurred while the boys were walking home after shooting at targets.

UNIONTOWN, Pa. (AP)—A federal penitentiary costing \$12.9 million is to be built someplace in Fayette County, according to word received here from Washington.

Ever wonder about the effectiveness of a classified advertisement?

A Maryland weekly newspaper, the Easton Star-Democrat, did, and last week decided to find out. The paper ran the following ad:

"For sale — used giddledeoper. In good condition and priced to move at once. Must be seen to be appreciated. Opportunity to re-sell at a good profit if slightly modified, or full details write Box 131."

The paper, which serves Talbot County with a population of 20,000, announced yesterday it had received 16 responses to the ad by mail, eight phone calls and numerous inquiries at its office.

One reply read: "Am interested in hearing more about the giddledeoper you advertised for sale. We have always wanted one but never found an owner who was willing to part with one."

Another, signed X9437C92B-21, and postmarked Jessup, Md., location of the State's House of Correction, read:

"I have had the opportunity to sit and read quite a bit lately and have been scanning all the scandal sheets searching for a reasonably priced giddledeoper (they're hard to find)."

"You see, I recently came into possession of this fine, new (well, almost) kindellapadrometer. It cost me quite a bit when you figure it out in the long run. Well, I sure would be willing to swap it for your giddledeoper if you don't mind the fact the serial number has been ground off. (Numbers bug me something awful.) Modification is no problem. We have a nice shop here where we make license plates, etc., and I sure need the profit."

Another answer was more direct. It read, simply: "Kindly tell me what the h--- is a giddledeoper."

move Meredith onto campus. Whether the bayonets would be in the hands of federal troops or federal marshals was not reported.

But these grim reminders of the historic struggle between Mississippi and the U.S. government—greatest and gravest since the Civil War—remained over the horizon. Skylarking students made ready to go to Jackson, the state capital for the football game between Ole Miss and the University of Kentucky in the new stadium that is the pride of the Magnolia State.

U.S. DETERMINED

The determination of the federal government to put Meredith into Ole Miss as the first Negro student ever knowingly admitted in 114 years is on record.

Burke Marshall, assistant U.S. Attorney general, assured the appeals court in New Orleans Friday that court orders would be carried out by the Justice Department.

"We're prepared to respond to whatever emergencies may develop," said Robert S. McNamara, secretary of defense, in Washington.

Atty. Gen. Robert Kennedy said: "Mr. Meredith will be registered."

Equally determined, apparently, were the officials of Mississippi, despite withdrawal of their massed array of peace officers that turned back Meredith on his third attempt to enroll.

However, H. C. Strider, chair of the State Game and Fish Commission, announced that 250 supervisors and game wardens have been alerted to take part in the Ole Miss segregation defense—if needed.

Dr. Gommard De Pauw, a distinguished Belgian scholar, as professor of moral theology, Dr. De Pauw, whose family were among the first settlers in New York in the seventeenth century, was educated at Catholic College of St. Nicholas-Waas, Belgium, from which he was graduated with highest honors at the age of seventeen. Entering the diocesan seminary of Ghent, his studies were interrupted by World War II in which he served with the Ninth Belgian Infantry Regiment in the campaigns in Belgium, Holland and France. Taken prisoner during the Battle of Dunkirk, he was imprisoned by the Germans but escaped and managed to complete his theological studies. He was ordained to the priesthood by indult of the Holy See at the age of 23. Following service as subregent and professor at St. Nicholas College, he undertook graduate work at the Catholic University of Louvain where, in addition to his work for the doctorate in Canon Law he also pursued courses in international law. Dr. De Pauw's war record was augmented by active service with the Belgian underground army and the First Free Polish Army Division. With these he took part in the liberation of Northern Belgium and Southern Holland in 1944 and 1945. In 1949 he came to the United States where he has served and studied in various capacities.

He had been a patient at the hospital for one month and had been in failing health for 14 years. During World War I he was a member of the 138th Co. Transportation Corps. He enlisted in the service July 16, 1918, was sent to France October 31, 1918, returned to the U. S. July 6, 1919, and was discharged July 15, 1919. Surviving are his widow, the former Mary Elizabeth Moser to whom he was wed 22 years; 8 children, fifteen grandchildren, a brother and five half sisters.

Inductive Wind-up: Another

concluding step in the reorganization of the Inductive Equipment Corp. was accomplished Tuesday when the trustee in reorganization, J. W. Hennessey, York, paid \$161,460 to the Gettysburg National Bank as trustee for the holders of the bonds secured by a mortgage on the Inductive plant and equipment at Quarry Park. With the presentation of the certified check by the trustee, the bank satisfied the mortgage against Inductive Equipment, thus freeing the plant and equipment of the lien against it. This amount is 90 per cent of the \$179,400 of outstanding bonds. The bank will pay the bondholders 85 per cent of the par value of their bonds upon demand. The 5 per cent difference goes to bank's and attorney's fees. With the clearing of the title to the property for Inductive Equipment, the corporation, under the reorganization, will be operated as a wholly owned subsidiary of Essex Wire.

Today's Talk

WE NEVER KNOW

We never know from the looks of a man or woman how much money he or she has stored safely in a bank.

Neither do we know the wealth of unexplored knowledge that lies hidden in the brains of other people. Neither you nor I know the extent, even, of what we have within our own mind.

Let the right spark but light on the right spot — and who knows what may be awakened.

We look upon some man or woman who has achieved much, and belittle our own possibilities. You do not know your wonderful possibilities until you have tapped them, until you have dug deep, until you have turned up the soil of your mind and learned what you have to work upon.

One thing is certain — you have things!

There are no two brains alike in all this world. You have things that no one else has. Simply develop and cultivate what you have, it then will not be long before you will stand out with that something no one else has. This will give you distinction.

Every mind reacts to what it sees in a different way. No two persons see or feel the same.

There is nothing so inspiring to the world as original expression. And there is no other way to attain original expression quite equal to getting off of beaten paths — blazing new trails — thinking for yourself.

You know things. Get them out of your mind. Associate your ideas with those of others. Try them upon the flint of minds that have already had the courage to express what they honestly thought.

Then battle for your ideas!

Just Folks

SMALL HOUSES

Where'er I drive the town at

nights

Through little window panes

I see the merry twinkling lights

Along the streets and lanes,

And I can fancy at their beds

The children kneel in prayer

When all the old and weary heads

Have said good night to care.

The larger mansions I pass by

I scarcely turn to see,

Although I know no reason why

They should not happy be,

But dreams and fancies seem to

cling

To little homes aglow

And strangely back to me they

bring

The days of long ago.

For of a little house was I,

With pretty rooms and small

And friendly neighbors living by

Who often stopped to call,

From cellar to the roof I know

The path the children run

And up and down it I could go

As I so oft have done.

At little window panes I see

The curtains white and trim

And memories come back to me

Which time can never dim.

Though richer folk appear to be

Thrice over ten times blest,

The little homes appeal to me

Because I know them best.

ROYAL PAIR'S HONEYMOON IS GOING ON, ON

By HAROLD K. MILKS

MADRID Spain (AP) — Handsome Prince Juan Carlos and his Greek princess bride, Sophia, are on a seemingly endless honeymoon because they are in the middle of a political tug-of-war which may decide when — or whether — he becomes the next king of Spain.

At one end of the rope is the prince's father, pretender Don Juan. At the other is Gen. Francisco Franco, the Spanish caudillo. Both have dug in their heels, monarchist sources here say, for the battle over Prince Juan Carlos' future.

The prince and princess, married last May 14 in Athens, are back from an around-the-world honeymoon which seems destined not to end until Juan Carlos' father and Gen. Franco agree on his future.

The situation requires an early meeting of Gen. Franco and Don Juan, monarchists say. The future position of the prince in Spain must be settled satisfactorily before he can come back here to live.

The young prince and his bride paused in Madrid after their marriage only long enough to make a required appearance at the home of Gen. Franco for lunch. They have been traveling since in the apparent hope that on their return the question of the prince's future would be settled.

Last week they spent only 20 minutes at Madrid's airport en route from Switzerland to Lisbon for a visit with the prince's father. They plan two weeks there, then — if their future in Spain still remains cloudy — they may go to Athens for a visit with the bride's parents.

But this can't go on forever. TWO BIG PROBLEMS

The demands of the Count of Barcelona (royal title of Don Juan de Bourbon) and the needs of Spain must be reconciled.

Basically monarchists here say, there are two major problems to be resolved for Prince Juan Carlos, now 24 and his Greek bride.

Don Juan wants Gen. Franco to give Prince Juan Carlos an official position and possibly with it the title of Prince of Asturias, which in Spain is equivalent to that of the Duke of Windsor in England monarchists say.

The second problem is agreement on a formula by which Don Juan will formally abandon his own claim to the Spanish throne in order to pass it on to his son. Thus far he has refused to renounce his claim, and his son has shied away from accepting appointment as heir apparent without his father's formal approval.

Official sources here are silent on the situation.

A high school band's victory march through the streets of Gettysburg, which has not been heard for many a fall evening, was made possible Friday evening as Coach Don Young's Warriors put together a tremendous rushing exhibition and walked over Camp Hill 33-6. The victory gave the Warriors a boost in the Blue Mountain League standings and at the same time knocked Camp Hill from its first place tie with its initial setback of the young season.

Gettysburg is now 2-2 on the season and after getting over one big hump in the new conference will take on Susquehanna next Saturday afternoon in a 2 p.m. contest at Duncannon in a BML game. The Warriors are 2-1 in the league while Camp Hill is 2-1 on the season and in the conference.

Statistically, Friday's victory can be written in three words. Newman, Riley and Plank. Realistically, it was a team effort that not only filled the student body with an overwhelming spirit, but also the approximately 2,100 fans that were on hand to watch the Warriors in action.

LINE SHOWS STRENGTH

Once again the forward wall proved it was an obstacle to be respected. Time and again holes opened up that would have permitted the entire backfield to move through. As a matter of fact, the line play was so effective that over three-quarters of the ground plays went up the middle and not around the ends. Jim Newman, Ron Plank and Joe Riley registered approximately 72 yards each as they averaged nine yards per carry.

The Warriors completely dominated play in the first period. After taking the opening kickoff they dove to the Camp Hill 16 before Laurie Roberts recovered a Jim Newman fumble. Camp Hill handled the ball only four times including a punt which Gettysburg took on the Lions' 42. Five plays later the Warriors were in the end zone for their first score as Joe Riley bolted over from the five and Paul Plank added the extra point placement. The score came with 15 seconds remaining in the initial period.

One of the turning points of the game came early in the second quarter when the Lions took the kickoff and drove 69 yards to the Gettysburg one yard line where Roberts fumbled and Ken Kime recovered for the Warriors.

GHS IN LONG DRIVE

Gettysburg then took the pigskin and marched 99 yards to pay dirt. The scoring drive covered 13 plays and three Lion penalties as Riley plunged over from the four with his second score. Again Plank's placement was good before the half ended Gettysburg had its third TD. Just 50 seconds after the second tally the Warriors sent Jim Newman across the goal line for the 20th point. The quick scoring came about as Roberts took the ball for a four yard loss following the kickoff and fumbled on the Camp Hill five where Paul Plank recovered setting the stage for Newman's romp on the first play from scrimmage.

Gettysburg dominated play again in the third period and pushed across another score with 1:35 to go in the quarter. Joe Riley blocked a Roberts' punt and Gary Nelson recovered on the Lions' 13. After a five-yard off sides penalty, Newman and Riley carried to the six where Newman

ripped off right tackle for the six-pointer. This time Newman attempted the placement and it was blocked by Dave Shahian.

Camp Hill had the ball but two plays after the kickoff before Jim Whetstone fumbled and Bill Jones recovered on the Lions' 38. John Longanecker flipped an aerial to Ron Miller for 20 yards after which Miller carried to the two on two plays. Larry Johnson blasted off right guard from the one for the score and Plank registered his third extra point of the evening.

SCORE AGAINST SERILBO

The lone Camp Hill touchdown came at the 4:55 mark of the final period. The Lions took the kickoff and drove 68 yards for the score as Tim Polk darted through the line from the one. The Lions drive was highlighted by Jim Whetstone's passing. The Camp Hill passer completed five of seven aerials for 51 yards.

Gettysburg's last victory on Kurtz field came on September 22 of last season when they downed Bermudian Springs 33-0. Prior to that the Warriors hadn't won a home game since September 23, 1959, when they defeated Shippensburg 14-6. The Warriors posted a 2-6-1 record that year and have already matched the win column of that season which indicates they are headed towards better times.

PITCHING—Bob Veale, Pirate left-hander recently recalled from Columbus, had a no-hitter going through 6 1-3 innings, finished with a three-hitter, striking out eight and walking four in 8-2 victory over Milwaukee.

HITTING—Charley James, Cardinals, singled in the winning run with two out in the 10th as St. Louis beat Los Angeles 3-2 and cut the Dodgers National League lead to 1 game over San Francisco.

George King's two-year record as basketball coach at West Virginia is 47 victories and 10 defeats.

DODGERS DROP 3 TO 2 TOUGH; LOSE 8 OF 11

By BOB GREEN

Associated Press Sports Writer

The Los Angeles Dodgers, who were supposed to have things all locked up last Monday, suddenly have their backs to the wall, time running out and the pressure mounting hourly.

It was Monday that the Dodgers held a four-game lead and an apparent lock on the National League pennant.

Since then, however, Walt Alston's suddenly faltering heroes have lost four of five, San Francisco has grabbed three of four and the difference is only 1½ games.

Two nights in a row now the Dodgers have blown a chance to clinch at least a tie for the No. 1 spot. All they had to do was win. Each time they lost.

GIANTS RAINED OUT

Friday night the margin was 3-2 in 10 innings. San Francisco was rained out in its game with Houston and faces a twin bill with the Colts today and a final game Sunday.

Los Angeles has two left, both against the tough Cards.

The situation remains the same: A Dodger victory or a Giant loss gives the Dodgers at least a share of the top spot. Any combination of Dodger victories and Giant losses totalling two gives the pennant to the Dodgers.

For San Francisco to win, it would take three Giant victories and two Dodger losses. For the Giants to tie, they must win at least two, and the Dodgers lose two.

11TH LOSS IN 11

Charley James was the chief tormentor of the stricken Dodgers Friday, driving in the winning run with a two-out single in the 10th off Ron Peralta. It was the eighth loss in 11 games for Los Angeles.

It may have been the last try ever for the veteran right-hander, who left the club to attend a player representative meeting and will not pitch again this season. He said he has not yet decided whether to play again next year.

In the other games, Minnesota clinched at least a tie for second place in the American League with an 11-5 rout of Baltimore. Detroit whipped Kansas City 7-3, the Chicago Cubs beat New York's Mets 3-2, Pittsburgh stopped Milwaukee 8-2, and Cincinnati took Philadelphia 7-3.

The Los Angeles at Cleveland doubleheader was postponed because of rain. Boston and Washington were not scheduled.

Wynn, seeking to become the 14th major leaguer to reach the 300 mark, had a two-hitter and a 3-1 lead through 6 2-3 innings. Then Cleve Boyer doubled and Joe Pepitone hit a pinch hit homer. Four more crossed after two were out in the eighth, three on Dale Long's homer.

Delone Succumbs 23-13 To Lancaster Catholic In CPC League Contest

Lancaster Catholic suffered a 23-13 jolt Friday evening at the hands of Lancaster Catholic on the latter's field, the passing of Tom Burger and running of John Palko providing the spark for the Crusaders.

After a scoreless first period both teams hit pay dirt in an exciting second quarter.

Lancaster scored first on a march of 70 yards which required 10 plays, the big ground gainer being a 15-yard run by Palko. Burger fired a 15-yard aerial to Bob Rhoads for the TD and John Kubala place-kicked the point.

Delone came right back for its score with 2:09 left in the half. Buddy Sanders fired a long pass to Randy Marchio for 30 yards to put the ball on the Crusaders' 12. On fourth down from the same spot, Sanders tossed to Chubb Elder in the end zone for the tally. Joe Gross' kick for the point was no good.

BOOTS 27-YARD GOAL

A short time later Delone was in possession again deep in its own territory when Sanders pitched a 10-yard aerial to Marchio but the latter fumbled and Lancaster recovered on the Delone 23 with 19 seconds remaining in the half. After one pass fell incomplete, Burger connected with Rhoads on a pass for 15 yards to the eight-yard line. Three seconds showed on the clock when Kubala dropped back for a replacement kick of 27 yards which gave Lancaster a 10-6 advantage at half time.

Early in the third period Delone went ahead again after a 67-yard advance which included a 15-yard run by Raymie Staub and a 47-yard pass-play from Staub to Smokey Smith which put the ball on Lancaster's 12. From that point Sanders tossed to Con Smith for the lead points. Gross place-kicked the point as the Squires led 13-10.

CRUSADERS TAKE OVER

The Delone lead was short-lived as Lancaster retaliated on a 53-yard drive which featured the passing of Burger to move to the Delone two from where Palko blasted over, Kubala's kick for the point failed.

WEST CHESTER IS DEFEATED IN RAINSTORM 7-6

WEST CHESTER, Pa. (AP) — Using a man who had never kicked during a college football game, scrappy East Stroudsburg State booted a fourth period conversion Friday night to beat West Chester 7-6 and end the Rams 16 game State College Conference winning streak.

Jerry Wasilchak made the kick in a rain storm so heavy the holder, Dom Vallani, couldn't find the tee.

"The ball took off like a lame duck. How it got over I'll never know," said Wasilchak, a 24-year-old married army veteran.

East Stroudsburg was down 6-0 for three periods after the Rams' Jack Byrne capped a 65-yard march by scoring from the four in the opening quarter.

At 9:42 of the fourth, fullback Jan Beliveau a 200 pound sophomore, raced 39 yards to tie it up.

SNAGS A PASS

With minutes to play, West Chester marched to the East Stroudsburg 28 but Stroudsburg's Bob Mahler snagged a pass from the Rams Jerry Eberly on the next to last play.

The Rams Little All America halfback, Joe Iacone, was "limited" to 67 yards rushing, just a bit more than half what he gained in each of West Chester's first two games.

Wasilchak, who said he'd never tried kicking before, described the winning point this way:

"Vallani took the snap. The ball slipped from his hands. He could not find the tee. He managed to place the ball but it was erratically lined sideways. He yelled: 'Kick it.' So I kicked it."

LAS VEGAS, Nev. (AP)—Duff Lawrence, a surprise winner of the Nevada Open this year, led the way in the second round of the \$30,000 Sahara Invitational golf tournament today.

Lawrence 25, from suburban Los Angeles, knocked eight strokes off par with a 64 in the first round Friday, and led the field by three strokes.

Tied at 67 going into today's round were Frank Wharton, Mamaroneck, N.Y., Ron Letellier, Santa Monica, the current California open champion, and Larry Mawry Bonita, Calif.

Closest in contention of the tournament name players was Billy Casper Jr., the general favorite. He was tied at 68 with Earl Stewart Jr., Fred Hawkins, Chuck Rotar and Dick Stranahan.

RAIN CANCELS MANY SCHOOL GRID BATTLES

By THE ASSOCIATED PRESS

Rain-soaked grounds forced postponement of about a third of Friday night's scholastic football schedule throughout the state, but there was some shakedown of contenders in key conferences.

Unbeaten Tamaqua handed Hazleton its first loss 14-0, to strengthen its bid for the Southern Division title in the East Penn Conference. Coal Township, the defending titlist, dropped its first after three victories, bowing 13-6 to Shamokin.

Old Forge the defending Northern Division champ in the East Penn, walloped West Pittston 20-0 for its second win against no losses and a tie.

Other teams in both divisions play today and tonight.

BIG CONTEST OFF

In western Pennsylvania, several WPIAL Class AA teams saw action, out the big contest between Uniontown and Washington was put off until today. New Castle made it four straight with a 12-7 victory over Sharon and Greensburg won its fourth 32-6 over Mount Pleasant. Mount Lebanon defeated Canon-McMillan 21-7.

Monessen's defending Class AA champs takes a non-conference oreathe today against Peabody. Easton smashed Allentown 44-6 in a battle of top eastern independents.

In the northwest, Grove City whitewashed Mercer 45-0 in the Section III title race.

Erie Prep and Erie Tech, both 2-1 and contenders for the big seven and Erie City title were rained out and will play it off Monday.

Two big games loom today in the Central Penn Conference. Reading travels to Harrisburg for a meeting with defending champion John Harris and Cedar Cliff travels to Lancaster, one of the preseason favorites.

Production Record Of Penna. Dairy Cows Rockets Since '41

By FRANK S. ZETTLE
Adams County Farm Agent

Milk production on Pennsylvania farms last year totalled almost seven billion pounds. Average daily production would fill a row of quart bottles extending from Erie to Philadelphia and halfway back to Lancaster. About half of the income of the farmers of Pennsylvania is from sales of milk, calves and surplus dairy animals.

Frank S. Zettle Adams County Farm Agent

Nearly 30 per cent more milk was produced in Pennsylvania in 1962 than in 1948, so much that not all of it could be sold in fluid form. Ice cream has increased in production in this state in the last 12 years by 10 per cent, butter by 75, nonfat dry milk about six times and cottage cheese has tripled.

Prices paid farmers for milk and those which consumers pay are set by the milk control commission. And these prices vary somewhat between markets. Pennsylvania dairy farmers received from approximately nine to about 11 cents per quart for milk in 1961, depending on the area in which it was produced.

A total of about 882,000 milk cows was reported in the state last year, the same number as reported in 1941. However, average milk production had risen from 5,520 pounds per cow in 1941 to 7,820 in 1961, an increase of 41 per cent.

GET HEIFERS IN EARLY

Now is the time to make plans for those dairy heifers that will be freshening this fall. Heifers should be introduced into the herd a month or so before they are due to freshen. This gives them a chance to become accustomed to the other cows, their stall in the barn, the milking routine and other procedures.

Next, and just as important, be sure they're fed enough. These heifers should be in a good, thrifty condition at freshening time. About a week or 10 days before expected calving date, start to increase the grain fed each day so that each heifer is eating grain equal to one per cent of her body weight daily. In other words, a 1,000-pound heifer should be fed 10 pounds of grain each day.

Prepare a suitable place for the heifer to freshen. Probably the best place is right in her own stall, especially if it's the comfort-type and reasonably well bedded. Be sure to cover the gutter back of the stall with a wooden platform or fill it to floor level with bales of straw. The heifer will repay the dairyman many times for a bit of kindness and patience while she's becoming accustomed to the milking machine and all the other changes that accompany her entry into the milking herd.

CATTLE LICE IN AUTUMN

Both dairy and beef animals are often heavily infested with lice early in the fall. Now is the best time to get rid of lice, while the weather is warm. Treat all cattle before they go into winter quarters. A spray or dust application of rotenone or pyrethrum

POSTAL RATES, More Than 100 Prizes Are Awarded At Cooking School

FEDERAL PAY BEING RAISED

By JOE HALL

WASHINGTON (AP)—A bill that would increase both postal rates and the pay of federal employees has won Senate approval by an overwhelming 72-3 vote.

It enacted, it would mean a penny hike in postage for regular and air mail letters and a wage boost averaging about 10 per cent for 1.6 million government workers.

The next step is up to the House. If it takes the Senate measure as is, the bill goes to President Kennedy for signing into law. If the House balks, a joint conference would have to work out a compromise.

"BUYING VOTES"

The House last January passed a bill designed to bring in \$690 million a year more in postal revenue. But this measure does not provide for an increase for postal and other government workers.

In Thursday's debate Sen. Frank Lausche, D-Ohio, saw the two-step \$1,049,000,000 pay hike as an effort "to buy votes" in an election year. And, Sen. A. Willis Robertson, D-Va., one of the three who voted against the bill, said it was calculated to make everybody happy except the taxpayer.

The pay raise would go into effect before the election, Robertson noted, and the postal rates rise afterward.

ELECTION YEAR FEATURE

Sens. Harry F. Byrd, D-Va., and John J. Williams, R-Del., joined Robertson in voting against the bill. Lausche was one of four senators who, while not voting, went on record against it by arranging "pairs" with other senators who favored the measure.

Most senators said they felt the one million classified civil service employees and the 590,000 postal workers were fully entitled to the raise, which would more than offset the \$603-million-a-year revenue increase in the bill.

If the bill becomes law, it will mark the third consecutive election year in which such a raise has been voted. The 1958 legislation granted a 10 per cent boost, and the 1960 bill 7.5 per cent. The 1960 measure was vetoed by President Dwight D. Eisenhower, but he was overruled.

DAY IS GRATIFIED

Sen. Olin D. Johnston, D-S.C., who steered this year's measure through the Senate, said he had White House assurances it will receive Kennedy's approval if it clears the House.

Postmaster General J. Edward Day said he was gratified by the action on the postal legislation. The one-cent increase in first class rates "will give us the basic rate structure which, for the first time in many years, will be comparable to other major postal systems in the world," Day said.

The Senate bill carries an average 5.5 per cent increase for classified employees next month, plus 4.1 per cent in January 1964. Postal workers would get 8.6 per

In addition, second class mail—newspapers and magazines—would be boosted \$2.6 million and third class, \$97.2 million, both over three years.

"NOT QUALIFIED"

PITTSBURGH (AP)—Gov. Lawrence, in a Democratic campaign speech Thursday night, said the Republican candidate for governor, William W. Scranton, is not qualified for the office.

Lawrence spoke at a town meeting in Avalon High School, in support of the Democratic candidate for state office.

Scranton's only qualifications, he said, "are that he is ready to run for the office, that he is willing to run for the office."

ADOPTION LAW UP FOR CHANGE

PITTSBURGH (AP)—Should a couple who adopt a child be forced to pay for it?

That question, made even more difficult by a current nationwide shortage of couples seeking to adopt children, was a focus for controversy Thursday at a hearing called to air proposals for changes in the state's adoption laws.

Arguing in favor of an adoption fee, to be charged on a sliding scale, was Miss Martha W. Hutchinson, director of the Fayette County Child Welfare Agency.

Firmly opposed to a fee was President Judge Hugh C. Boyle of Allegheny County Orphans Court, who said it is "wrong in principle and should not be encouraged or allowed."

Henry Freeman, executive director of Pittsburgh's Family and Children's Service, took a middle-ground position and said a fee should be charged according to ability to pay, but that "no one should be denied the right to adopt because of inability to pay."

BERLIN (AP)—Mayor Willy Brandt flew off Friday for a week's visit to the United States and a talk with President Kennedy.

"I will discuss Berlin's security needs with complete frankness," Brandt told reporters at the airport.

CLARK SAYS U.S. FUNDS AVAILABLE

WASHINGTON (AP)—Sen. Joseph S. Clark, D-Pa., says the Senate Interior Committee has approved the spending of federal funds to seal abandoned anthracite coal mines in Pennsylvania.

Clark said Thursday the action was taken by polling members of the committee after he appealed to Sen. Henry M. Jackson, D-Wash., to withdraw his objection. Clark said Jackson had opposed the bill because Rep. James E. Van Zandt, R-Pa., Clark's opponent for reelection to the Senate, had what Clark termed a part in trying to stall an atomic power project in Sen. Jackson's state.

"I finally had to go to the President himself to undue the damage that Van Zandt had done," Clark said.

MATCHING FUNDS

He said a total of \$10 million, half federal and half state matchable funds, is available for the work of sealing the mines in northeastern Pennsylvania. The purpose is to stop contaminated seepage from the mines into rivers.

"I hope we can now get final action (on the bill)," Clark said. "The difficulty we encountered proves the enormous folly of the conduct of Congressman Van Zandt, who almost killed this bill single-handed."

"Van Zandt conducted a one-man vendetta against an atomic power project in Hanford of great importance to the state of Washington, which had nothing what ever to do with Pennsylvania. He managed to kill the Washington project last year, and he came close to getting it killed this year."

Armed Rebellion Feared By Editor

LOUISVILLE, Ky. (AP) — A noted Georgia publisher says the situation at Oxford, Miss., is such that federal marshals might be fired on and "you will have an armed rebellion against the United States government."

Ralph McGill, publisher of the Atlanta Constitution, said in an interview:

"Certainly, the United States government will have to move with troops or whatever it takes" to see that a federal court order to admit Negro James Meredith to the University of Mississippi is carried out.

McGill was here for a speech to the Louisville Committee on Foreign Relations Thursday.

JEW'S MARK OPENING OF YEAR 5723

By ANDREW MEISELS
NEW YORK (AP)—"In the seventh month, on the first day of the month, ye shall have a holy convocation; ye shall do no servile work; it is a day of blowing the Shofar unto you."—Numbers, XXIX:1.

The foregoing command was issued by God through Moses to the children of Israel more than 3,000 years ago.
At sundown Friday, the descendants of those ancient nomads obey the commandment again, as their ancestors have done in an unbroken line stretching to the dawn of human history. They begin the observance of Rosh Hashana, the Jewish New Year, marking the beginning of the Jewish year 5723.

RUNS TO YOM KIPPUR

They pray, as always, for such things as peace and human brotherhood. They ask God to aid in granting man these things. And they beg forgiveness for not having done more to achieve them. For Jews, Rosh Hashana ush-

ers in a penitential period lasting 10 days and ending with Yom Kippur — the day of atonement — which this year falls on Oct. 8. On that day, Jews believe, the destiny of all men and nations for the coming year is finally sealed.
The 10 days from the beginning of Rosh Hashana to Yom Kippur form a period of soul-searching when each Jew is enjoined to repent his sins, to pray for God's mercy, to give to charity and to forgive his enemies in the hope that God will likewise forgive him.
"On Rosh Hashana it is written, and on Yom Kippur it is sealed: How many shall pass and how many shall remain, who will live and who die," goes the ancient Hebrew prayer. "But penitence, prayer and charity can avert an evil decree."

In accordance with the Biblical injunction, Rosh Hashana is marked also by the blowing of the "Shofar," or ram's horn. The blasts of the horn are symbolic calls to repentance, so that all who hear the horn can take heed and join the community in prayer.

FBI Arrests

(Continued From Page 1)

Prokhorov, 31, a second secretary, and Ivan Y. Vydrovov, 38, a third secretary of the Soviet mission to the United Nations.
Vydrovov entered the diner, while Prokhorov parked the Russians' car alongside Drummond's auto. Prokhorov then entered Drummond's car, the FBI said, adding that when Drummond was arrested, agents stood — on the seat of his car between himself and Prokhorov — eight classified U.S. Navy documents.

In addition to his naval duties, Drummond early this year purchased the Havana Bar and Grill in Newport, the FBI said, adding that on several occasions, when

Drummond traveled to New York from Newport, he returned with large sums of money.

If convicted of espionage, Drummond could be sentenced to death or life imprisonment.

"I'm Dickens . . . He's Fenster" Is New ABC Television Comedy Series Friday Nights

John Astin and Marty Ingels act out the title of "I'm Dickens . . . He's Fenster," with Astin as Dickens and Ingels as Fenster, in the new ABC-TV Friday night comedy series from 9 to 9:30 p.m.

Harry Dickens and Arch Fenster are the character names of Fenster. And to the casual observer, they seem the most ludicrous pair imaginable to become close friends. This writer is not a casual observer, however. And Astin and

Ingels have become as close as Dickens and Fenster, not alone because of propinquity working closely together five or six days a week.

ARE GOOD FRIENDS

"We had to become good friends," says Ingels in that gravelly-throated voice with which he was born. "Leonard Stern told us to." Leonard Stern is the creator and producer of "I'm Dickens . . . He's Fenster." He had been celebrating over the idea for years, during the time he was writing for Jackie Gleason, "The Honey-mooners," other TV series and some movies.

"I wanted to do a story about carpenters," Stern says simply. "Because I was always intrigued with the way people are intrigued at watching carpenters work. Walk down any city street past a building site. Passersby are constantly observing. And I felt too there could be more comedic possibilities in the occupational hazards of carpenters than, say, bookkeepers."

RECOGNIZED TALENT

And so, throughout all his other writing assignments, Stern contemplated the antics of his brain-children — carpenters, and finally, about a year ago, the idea started to fall into place.

"Leonard has seen me," Ingels

picked up the tale, "when I worked on the Steve Allen show a few years ago. He was writing that show too. And he wasn't like my mother — HE thought I had talent. My mother still doesn't believe I can earn a living in show business. She wants me to be a dentist," he interrupted himself. No mean feat be it noted. Ingels rarely stops talking. "Anyway, we kept in touch. And a year ago, Leonard saw John in a show at UCLA. He brought us together and said, 'See if you guys can live together happily.' Well, not literally. John has a wife and two little boys. They live together happily. But he wanted to make sure we could get along together."

START PROMOTIONS

With the promise of a TV series held out before them like a carrot to a hungry rabbit, the men allowed as how they could indeed make like Damon and Pythias. And production commenced. As did the friendship. There are certain existing parallels in their off-stage lives which exist, only coincidentally, in the TV show.

The format of the series has Dickens married, to pretty Emmaline Henry playing Kate. And Fenster constantly bringing home one pretty girl after another — home being Dickens' house, for

their approval. Astin is married, to another pretty girl, a former actress named Suzanne Hahn. Marty is a bachelor, and lives appropriately enough in the Hollywood hills. He does date beautiful girls, constantly, although at the time of this writing he is going fairly steadily with one beautiful girl.

3-CAMERA TECHNIQUE

"But I don't bring 'em home to John for approval," he says. "There isn't time. We're here on stage at Desilu Caluenga more than either of us is at home." "I'm Dickens... He's Fenster" is shot with the three-camera technique originated by Lucille Ball and Desi Arnaz about a decade ago with their original, "I Love Lucy." In fact, Dickens and Fenster is shot at the same studio.

"It's more limiting," Leonard Stern concedes, "in that we can never move out of the studio. And at the same time, it's more of a challenge to construct building sites where the boys are ostensibly working within the confines of the stage. We do it because we insist on live laughter. We do not augment the laugh track. We record it exactly as the audiences react to each scene, and it's honest."

And because of this three-camera technique, shot in absolute sequence from the opening scene to the closing, the cast puts in longer hours than on those shows with a three-day shooting schedule.

Says Astin, "Marty and Emmaline and I often get together on weekends to work on script when there's a particularly difficult story coming up. So we can understand why Leonard wanted us to be friends — you can't work in such close proximity if you don't get along."

As in the scripts, Ingels is the clown of the group and Emmaline is the understanding feminine type.

"I'm so darn understanding," she says with a grin, "that when I do get married, nothing my husband or his friends do will astonish me. I've run the gamut of antics with these two characters. They're both just marvelous! In fact, I owe the part on the show to Marty."

Marty and Emmaline had known each other socially, and

when the two men were cast for the title roles, they knew Stern was interviewing practically every girl in Hollywood for the role of Kate Emmaline was vacationing in Mexico City; Marty reached her there; she flew home to audition for the part, and was thus set for the series.

"Fine thing," she says ruefully, "date one fellow, end up married to his best friend!"

Behind The TV Tube 1

Nat King Cole has been assigned to do a guest appearance on the Garry Moore Show on November 16th.

Mitch Miller of "Sing Along" did the recording for the original sound track of Paul Anka's title

song for the Darryl F. Zanuck film, "The Longest Day."

Irene Ryan is really living her role of Granny in "The Beverly Hillbillies." She went to a swank restaurant and ordered "Mountain fried grits, corn pone and possum shanks and a side order of skinned squirrel."

Stan Irwin, who plays the chauffeur for Fess Parker in "Mr. Smith Goes To Washington," also

doubles as technical advisor to Producer Hal Stanley on legislative matters. Stan was a member of the Nevada State Legislature from 1956 to 1958.

Mary Martin will star again in her famous "Peter Pan" role in a two-hour color television show on Saturday, February 9, 1963. One of America's greatest TV hits will feature Maureen Bailey as Wendy and Jane Margalo Gillmore as Mrs. Darling, Sondra Lee as Tiger Lily, Peter Foy, who has handled the flying equipment for Miss Martin in every appearance she has made as "Peter Pan," created the "magic" for her song, "I'm Flying."

CINDY ROBBINS

Cindy Robbins, who started her TV career as a model on the old "Pay-Off" programs and has since been in demand in Hollywood, has been signed for a forthcoming episode of "McHale's Navy" which starts in October.

Leslie Uggams of "Sing Along With Mitch" says the cautious suitor who sits on the fence too long usually winds up getting the gate.
